

Cool tools for ICT Journalism

Welcome to tools of our trade. We furnish you with useful information about some of the latest ICT tools you can use in ICT Journalism.

- Furl (<http://furl.net>) - Create your own private, full-text, tagged, searchable, shareable, Web-based archive of anything interesting, relevant, or useful you find online
- A collection of favorites – yours and everyone else's. Del.icio.us <http://del.icio.us>
- Audio/video search Play with Podzinger (<http://podzinger.com/>) and Blinkx (<http://www.blinkx.tv/>)
- Tracking online conversations using Co.mments (<http://co.mments.com>) and CoComment (<http://cocomment.com>)
- Cool collaborative tool — a web-based word processor. Writely (<http://writely.com>).
- Seedwiki <http://seedwiki.com> for creating password-protected wikis
- Make long URL short www.tinyurl.com
